

## School Traffic

I thought it would be useful to pull together the recent comments and suggestions we have received regarding parking.

As you are aware, we need all our staff inside the school gates to support the children coming into school and settling into their classes. If anyone would like to take responsibility for reminding people about parking, then you are welcome to borrow one of our fluorescent jackets.

As all these suggestions show parents/carers are keen to improve things and can see the dangers. Please drive and park considerately.

Thank you for your support outside of the school gates. Reminders:

- Use drop off zone on a morning to drop off those children who are confident to walk independently into school.
- Avoid parking on corners which may be dangerous or block residents drives.
- Slow down and keep the school on the left and try to keep to the voluntary one-way system.
- Ensure you do not block visibility on junctions or when staff leave the school. For example some support staff finish the same time the children do and may be using the car park.
- Avoid parking or stopping on the yellow zig zag lines.
- Consider using the extended childcare if you want to come at less busy times.
