

School Development Plan (SDP)

2020/21

Summary of Key Priorities

Our SDP has four strands. Each of these strands are reviewed termly at our Full Governing Body Monitoring meetings as well as with our Somerset School Adviser. From time to time, we also need to update the SDP in light of any Government or local policy changes. Each area looks at the intent, implementation as well as impact, these points are just the key areas.

SDP Priority 1:

To ensure that quality first teaching including inclusive assessment led learning with blended learning is a priority for each class.

SDP Priority 2:

To promote healthy active lifestyles with a growth mindset while extending the PE provision.

SDP Priority 3:

To implement the SIAMS framework and embed the new school ethos and vision involving all stakeholders.

SDP Priority 4:

To improve the whole school infrastructure.
