

## Summer 2020 School Teacher Assessments

*Due to COVID-19 the National Assessments for Year R, 1, 2 and 6 were cancelled. These results are based on Teacher Assessments, supported by Assessment Tests carried out during the Spring Term.*

### Summary

- Early Years Foundation Stage: 82% of children reached a good level of development
- Year 1 phonics screen: 86% of children met the standard
- KS1 Reading: 66% met the expected standard
- KS1 Writing: 76% met the expected standard
- KS1 Mathematics: 66% met the expected standard
- KS2 Reading: 80% met the expected standard
- KS2 Mathematics: 76% met the expected standard
- KS2 SPAG: 76% met the expected standard
- KS2 Writing: 84% met the expected standard
- In KS2 the combined Reading, Writing and Maths score is:76%

### School Comments

#### Analysis of EYFS – Ann Edwards

The EYFS results reflect where the children were before the school went into lockdown. Historically children make the most progress during their final term so these results do not take into account those children who were on the edge of achieving a good level of development. Support has been put in place for those children who have come back into school during the summer term and google classroom tasks set for those unable to return. Next academic year on full return, a clearer picture will be able to emerge of the next steps required to ensure these children continue to progress.

#### Analysis of Year 1 Phonics Screening – Karen Evans

The Year 1 phonics screening results were taken from a screen completed during the Spring Term. Those children who did not reach the standard were already identified as needing support and intervention. These children will be a focus for phonics support on full reopening of the school.

#### Analysis of Key Stage 1 Data – Karen Evans

These results have been taken from a series of practice sats the children were given during the summer term. The results show an improvement on last year. Maths shows a clear improvement and this is due to the opportunity to teach throughout the

year in a single year group. Reading and writing show and improvement but some of the children will require individualised support when school fully reopens.

### Analysis of Key Stage 2 Data – Kayleigh Drew

These results have been compiled from the series of practice tests the children were given during the Spring and Summer term, as well as teacher assessments. The results reflect the nature of the cohort. There have been significant changes with the teaching staff for this cohort this year due to unforeseen circumstances. Alongside this, school lockdown due to COVID-19 has caused for a large part of the curriculum, which would normally be covered before testing, to be completed outside of ordinary education settings. Pupils with SEN will continue to be supported next year at Secondary School. We will use these results to inform our planning and teaching going forward into 2020/2021.

### Pupil Premium Children

- In Reception 100% of pupil premium children reached a good level of development
- For Years 1 – 6 66% of pupil premium children met ARE in Reading
- For Years 1 – 6 78% of pupil premium children met ARE in Writing
- For Years 1 – 6 66% of pupil premium children met ARE in SPAG
- For Years 1 – 6 89% of pupil premium children met ARE in Mathematics

There is a pupil premium report on the website for the 2019/20 academic year as well as the plan for the next academic year (2020/21)

### Detailed Data

EYFS: Ann Edwards	
2020 Good level of development	82% (COVID-19)
2019 Good level of development	85%
2018 Good level of development	81%
2017 Good level of development	71%
2016 Good level of development	90.5%

KS1 Phonics: Karen Evans					
Met the required standard	2020	2019	2018	2017	2016
Year 1	86% COVID-19	100%	77%	85%	80%

KS1 SATs Results: Karen Evans					
Met the required standard	2020	2019	2018	2017	2016
Reading	66%	61%	74%	84%	75%
Writing	76%	69%	79%		
Mathematics	66%	57%	79%	92%	75%

KS 2 SATs Results: Kayleigh Drew

	2020	2019	2018	2017	2016
Reading	80%	97%	65%	81%	77%
Maths	76%	97%	65%	88%	72%
SPAG	76%	80%	62%	85%	77%
