

### **RHSE Policy Consultation (November 2020)**

The new policy was reviewed by parents. We had three parents reply which represented five children at High Ham. The policy is now on the policy area of the website and will form part of our policy review cycle.

#### **Parent feedback anonymous summary**

Comment: Even though High Ham has a mainly white British Christian community, I think that it's important as part of the respect and relationships aspect of the policy that we recognise that our children are part of the wider British society, which is multi-cultural and multi-faith in its composition.

Reply: Yes we agree that is very important and will be part of the teaching in this as well as in other areas.

Comment: Thank you for the opportunity to comment. This looks a very clear and appropriate policy. I have no questions.

Reply: Thank you.

Comment: None.
