Wednesday 26th January 2022

Dear Parents and Carers,

Year 5 and 6 Visit to Carymoor Environmental Trust Tuesday 8th March 2022

To support our topic work and creative writing we have organised for Year 5 and 6 to visit Carymoor Environmental Trust. We will be taking part in a 'Natural Disaster' workshop. The aim is to encourage the children to consider the emotions and reality victims of natural disasters face. They will think about their needs and priorities in a disaster situation and be encouraged to work as a team, to solve problems and seek solutions to problems people living in other parts of the world may experience. There will also be the opportunity for the children to tour the site and understand the importance of the recycling and environmental work the centre undertakes.

The visit has been organised for Tuesday 8th March. We will be travelling by coach, leaving school at 9:30am, returning by 3:30pm. The children will need to wear warm outdoor clothing, including a waterproof coat. They will need to bring named wellington boots, in a bag, to change into once we have arrived. Please provide your child with a packed lunch, plenty to drink (no fizzy drinks) and a morning snack. If your child normally receives a free school meal, Parrett House Catering will provide a packed lunch for them.

We are asking for a voluntary donation of £12.50 to cover the cost of coach travel to the centre, the guided tour and planned workshop activities. This will need to be paid via WisePay no later than Monday 28th February. As with all educational visits, if we do not receive enough voluntary donations, we will have to cancel the visit. The EV5 for the visit is available on WisePay and will also need to be completed before Monday 28th February.

If you have any questions, please speak to your child's class teacher.

Yours sincerely

Ann Edwards and Tom Briggs
Assistant Head Senior Teacher
